Benefits will be determined based on Medical Mutual's medical and administrative policies and procedures. This document is only a partial listing of benefits. This is not a contract of insurance. No person other than an officer of Medical Mutual may agree, orally or in writing, to change the benefits listed here. The contract or certificate will contain the complete listing of covered services. In certain instances, Medical Mutual's payment may not equal the percentage listed above. However, the covered person's coinsurance will always be based on the lesser of the provider's billed charges or Medical Mutual's negotiated rate with the provider.

Deductible and coinsurance expenses incurred for services by a PPO Network provider will only apply to the PPO Network deductible and coinsurance out-of-pocket limits. Deductible and coinsurance expenses incurred for services by a Non PPO Network provider will only apply to the Non PPO Network deductible and coinsurance out-of-pocket limits.

The coinsurance for non-contracting institutional providers will be the same coinsurance percentage as the Non PPO Network provider. However, you may be subject to balance billing by the non-contracting provider.

No payment will be made for services related to a pre-existing condition for a period of 12 months for any condition treated or diagnosed within the six months immediately prior to the effective date of insurance. HIPAA allows for crediting time a person was covered under a previous carrier if the previous coverage was continuous with not more than a 63 day gap in coverage prior to the effective date of the new coverage.

The proposed course of treatment for organ/tissue transplants must be pre-determined and approved by a Medical Mutual case manager (except for corneal transplants.) Failure to contact the case manager prior to the proposed course of treatment (including the evaluation) will result in a significant monetary penalty. Refer to your certificate for details.

1 Maximum family deductible. Family deductible must be met before benefits are provided on a family contract. The single deductible applies to single contracts.

2 Maximum family coinsurance out-of-pocket. Family coinsurance out-of-pocket must be met before all benefits are paid at 100% on a family contract. The single coinsurance out-of-pocket applies to single contracts.
